All income from lending shall accrue to the Fund.

§ 4 Capital gains and dividends

Capital gains shall be reinvested in the Fund.

Dividends are not distributed to unit holders.

The management company's Board of Directors may allow capital gains of the Fund's bonds to be distributed to unit holders.

The management company's Board of Directors may provide that dividend and/or interest income shall be distributed to unit holders.

§ 5 Costs

The management fee is the management company's compensation for managing the fund. The basis for the calculation of the management fee shall be the fund's current value. When calculating the fund's value (total net assets), the basis shall be the market value of the portfolio of financial instruments and deposits with credit institutions, the value of the fund's liquid assets and other receivables, the value of accrued income not yet due (if applicable) and the value of any loss carry forwards less debt and accrued costs not due, including latent tax liabilities.

Apart from the management fee, the following costs may also be covered by the fund:

1. transaction costs for the fund's investments,
2. payment of any taxes imposed on the fund,
3. interest on borrowings as referred to in Section 6-10 of the Norwegian Securities Funds Act, and
4. extraordinary costs necessary to protect the interests of unit holders, cf. Section 4-6 (2) of the Norwegian Securities Funds Act.

The management fee shall be divided equally among all units in a particular unit class of the fund. The amount of the management fee is stated in § 7 of the Articles of Association.

The management company SKAGEN may invest the fund's assets in other funds that charge a maximum management fee of 5% per annum. The management fee charged to the other funds will be additional to SKAGEN's management fee.

Any retrocession received by SKAGEN from a management company or the like for another fund shall accrue to the fund in its entirety.

§ 6 Subscription and redemption of units

The Fund is normally open for subscription 5 times a week.

The Fund is normally open for redemption 5 times a week.

A subscription fee of up to 1% of the subscription amount may be charged for subscription of units.

The Board of SKAGEN may decide that the costs shall increase by up to 10% of the subscription amount. The difference between 1% and the adopted increased subscription fee of up to 10% shall accrue to the Fund. The Board

may set an increased subscription fee for a certain period with the possibility of extension or shortening by board resolution.

A redemption fee of up to 0.3% of the redemption amount may be charged for the redemption of units.

SKAGEN may use swing pricing. Please refer to the prospectus for further details.

§ 7 Unit classes

The fund's portfolio of assets shall be divided into the following unit classes:

Unit class	Management fee
Insight A	A 1.5% fixed management fee. In addition, there shall be a variable management fee.
Insight B	A 0.75% fixed management fee. In addition, there shall be a variable management fee.
Insight C	A 0.7% fixed management fee. In addition, there shall be a variable management fee.

Unit class Insight A

The management company may charge the unit class a fixed management fee.

The fixed management fee shall be 1.5% per annum.

The fixed management fee is calculated daily and charged quarterly.

In addition, the management company may charge the unit class a performance management fee.

If there is a better value development of the net asset value per unit expressed as a percentage than that achieved by MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, the management company shall charge a further 10% fee of the difference between the value development of the unit class expressed as a percentage and the value development of MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, expressed as a percentage, in the same period.

The total management fee may not exceed 4 per cent of the average annual assets under management

When calculating the daily net asset value per unit, the fixed management fee is deducted so that the net asset value per unit is adjusted for the fixed management fee before comparing the development of the net asset value per unit with the development of MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, and calculating and deducting any performance management fee.

The performance management fee is charged/settled annually on 31 December. The performance management fee is only charged/settled if the accumulated relative value development between the unit class and the MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, from the time of the previous charge/settlement up to 31 December is greater than zero (relative high-water mark).

The calculation period for the performance management fee is from the previous charge/settlement to the end of the year if the criteria for charging/settling the fee are fulfilled. This means that a unit holder who subscribes units during a period when the accumulated relative value development is less than zero, may avoid being charged a performance management fee even though his units have had a better value development than the MSCI World Daily Total Return Net \$, as measured in Norwegian kroner.

A performance management fee may be charged even if the units of the unit class have declined in value.

The daily calculation of the performance management fee per unit is affected by subscriptions and redemptions of units. Performance management fee may therefore be charged even if the development in the value of the unit class has been negative in relation to the benchmark, and may similarly not be charged if the value of the unit class has been positive in relation to the benchmark.

Unit class Insight B

The B-unit class shall be characterised by having a lower management fee than the A-unit class. The unit class shall be open to any investor who subscribes for units through distributors who, under their agreements with the management company, do not receive payment from the management company.

The management company may charge the unit class a fixed management fee.

The fixed management fee shall be 0.75% per annum.

The fixed management fee is calculated daily and charged quarterly.

In addition, the management company may charge the unit class a performance management fee.

If there is a better value development of the net asset value per unit expressed as a percentage than that achieved by MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, the management company shall charge a further 10% fee of the difference between the value development of the unit class expressed as a percentage and the value development of MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, expressed as a percentage, in the same period.

The total management fee may not exceed 4 per cent of the average annual assets under management

When calculating the daily net asset value per unit, the fixed management fee is deducted so that the net asset value per unit is adjusted for the fixed management fee before comparing the development of the net asset value per unit with the development of MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, and calculating and deducting any performance management fee.

The performance management fee is charged/settled annually on 31 December. The performance management fee is only charged/settled if the accumulated relative value development between the unit class and the MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, from the time of the previous charge/settlement up to 31 December is greater than zero (relative high-water mark).

The calculation period for the performance management fee is from the previous charge/settlement to the end of the year if the criteria for charging/settling the fee are fulfilled. This means that a unit holder who subscribes units during a period when the accumulated relative value development is less than zero, may avoid being charged a performance management fee even though his units have had a better value development than the MSCI World Daily Total Return Net \$, as measured in Norwegian kroner.

A performance management fee may be charged even if the units of the unit class have declined in value.

The daily calculation of the performance management fee per unit is affected by subscriptions and redemptions of units. Performance management fee may therefore be charged even if the development in the value of the unit class has been negative in relation to the benchmark, and may similarly not be charged if the value of the unit class has been positive in relation to the benchmark.

Unit class Insight C

The unit class is open to investors who have units in the fund (excluding unit class B) at a cost price of at least 10 000 000 Norwegian kroner, and who do not qualify for distribution remuneration or other remuneration from SKAGEN.

The management company may charge the unit class a fixed management fee.

The fixed management fee shall be 0.7% per annum.

The fixed management fee is calculated daily and charged quarterly.

In addition, the management company may charge the unit class a performance management fee.

If there is a better value development of the net asset value per unit expressed as a percentage than that achieved by MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, the management company shall charge a further 10% fee of the difference between the value development of the unit class expressed as a percentage and the value development of MSCI World Daily Total Return Net \$, as measured in Norwegian kroner, expressed as a percentage, in the same period.

Performance management fee may therefore be charged even if the development in the value of the unit class has been negative in relation to the benchmark, and may similarly not be charged if the value of the unit class has been positive in relation to the benchmark.

3. Tax issues

The information given below is not intended as tax advice, but merely provides information on the basic tax rules for the Fund. Basic tax rules applicable to investors in some jurisdictions are also specified. Please contact your local tax consultant for further information.

The Fund:

The Fund is exempt from tax on profits and is not entitled to deduct losses from the disposal of units. Dividends from, and profits on, investments that fall under the exemption method are also tax-free. However, three per cent of the tax-free dividends must be considered as taxable for the Fund. The Fund may be liable to pay tax on gains and dividends from foreign companies. The Fund is exempt from wealth tax. Net capital gains, foreign exchange gains and gains on interest-bearing securities are taxed at 23%.

The Fund does not distribute dividends.

4. Derivatives

In accordance with § 3 3.2 of the Articles of Association, the Fund shall have the possibility of using derivatives, the purpose of which shall be the reduction of risk. Currently, the Fund does not use any derivatives.

5. Benchmark index

The Fund's benchmark is MSCI World Daily Total return Net \$, measured in NOK. The benchmark is adjusted for dividends.

6. Objectives and investment strategy

The Fund's objective is to provide unit holders with the best possible return for the risk taken by the Fund, through an actively managed portfolio of global shares.

SKAGEN Insight is an actively managed fund with a global investment mandate. The Fund's strategy is to invest in undervalued companies of high quality which are, or could be, subject to additional engagement from the minority shareholders. In order to reduce risk, the Fund shall seek to maintain a reasonable balance between geographical regions and industrial sectors. SKAGEN has normally a long investment horizon, and attach greater value to fundamentals than to short-term trends in the market.

7. Nature and character of the unit

General

All units represent one ownership share in the securities fund SKAGEN Insight.

A unit holder is not entitled to demand that the Fund be split up or dissolved. All unit holders or their appointed proxies have the right to vote at the election meeting for the securities funds managed by SKAGEN. Beyond their unit investment, unit holders are not liable for the Fund's obligations. If the Financial Supervisory Authority of Norway decides that the Fund should be wound up or transferred to another management company, unit holders will be informed in accordance with the Norwegian Securities Funds Act § 4-13.

The end of the Fund's financial year is 31.12.

Unit classes

- The fund is divided into different unit classes.
- The condition for accessing unit class B: The investor invests through a distributor which, according to its agreement with the management company, does not receive payment from the management company.
- The condition for accessing unit class C: The investor has units in the fund (not including B units) which have a cost price and/or market value of at least NOK 10 000 000, which do not qualify for distribution remuneration or other payment from SKAGEN.
- The precondition for accessing unit class C is that the investor's units are registered under a separate account.
- If the investor no longer fulfils the conditions and preconditions for a given unit class, SKAGEN will – after prior notification to the account holder – transfer the units to another unit class for which the conditions are met.

SKAGEN is not responsible for any costs or inconvenience incurred by the investor or others as a result of the move to another unit class, including, but not limited to, tax consequences.

8. Auditor

The external/financial auditor is PricewaterhouseCoopers DA, P.O. Box 8017, 4068 Stavanger, Norway (org. no. 987 009 713).

The internal auditor is Ernst & Young AS, Dronning Eufemias Gate 6, 0191 Oslo, Norway (org.no. 976 389 387).

9. Custodian

The Fund's Custodian is Handelsbanken (org. no. 971 171 324), P.O. Box 1342 Vika, 0113 Oslo, Norway. The bank is a foreign enterprise registered in Norway.

10. Historical returns and risk

Please refer to the Key Investor Information Document for up-to-date bar graphs showing historical returns for the Fund and position on the SKAGEN risk scale. Key Investor Information Document may be ordered free of charge from SKAGEN, or downloaded from www.skagenfondene.no.

There are risks associated with investment in the Fund as a result of market fluctuations, changes in exchange rates, interest levels, general economic conditions, and specific sector and corporate circumstances. The distribution of investments in the equity fund is a result of SKAGEN's investment philosophy. This investment philosophy examines corporate valuations, product/market matrices, indebtedness and the liquidity of the financial instrument.

In addition to the statutory requirements, SKAGEN has internal requirements for the spread of the investment between the various sectors and the liquidity of the financial instruments the fund invests in. SKAGEN has drawn up internal procedures for reducing the probability of operating errors which can affect the Fund.

Historical returns are no guarantee for future returns. Future returns will depend, inter alia, on market developments, the fund manager's skill, the Fund's risk profile and subscription and management fees. The return may become negative as a result of negative price developments. The Fund's performance may vary considerably over the course of a year. Gains or losses for individual unit holders will therefore depend on the exact timing of the subscription and redemption of units.

11. Calculation and publication of Net Asset Value per unit

Each unit in the Fund shall be denominated in NOK 100.

When calculating the net asset value (NAV), the basis shall be the market value of the portfolio of financial instruments and deposits with credit institutions, the value of the Fund's liquid assets and other receivables, the value of accrued income not yet due and the value of any tax loss carry forwards, less liabilities and accrued expenses not yet due, including deferred tax liabilities.

A discretionary valuation, called "fair value pricing" is used in case of events that may affect the value of a relevant security, or when the market on which the security is traded is closed, or if the security is illiquid. The SKAGEN practice for "fair value pricing" is in accordance with the recommendation to the industry by the Norwegian Mutual Fund Association: Valuation of illiquid equity capital instruments; www.vff.no.

Furthermore, SKAGEN has established procedures for swing pricing in order to prevent losses for existing unit holders due to subscriptions and redemptions made by other unit holders of the Fund. The NAV is adjusted by a swing factor on days when the Fund has had net subscriptions or redemptions in excess of a predetermined proportion of the fund's total assets. The threshold for adjustment of the NAV is set at the level at which net subscriptions or redemptions are expected to result in the Fund having to make adjustments to the portfolio leading to transaction cost, spread cost (the difference between the purchase and sales price of the underlying securities) and currency exchange cost. If the Fund has had net subscriptions above this threshold, NAV is adjusted up, and vice versa if the fund has had net redemptions above this threshold. The swing factor is based on average historical costs, and is evaluated every quarter.

The procedures are set up according to the industry standard set by the Norwegian Mutual Fund Association for subscription and redemption. Read more about the industry standard for subscription and redemption of fund units on www.vff.no.

The net asset values per unit are calculated on every Norwegian banking day. Prices will therefore not be calculated on the following days: 1 January (New Year's Day), Maundy Thursday, Good Friday, Easter Monday, 1 May (Labour Day), Ascension Day, 17 May (Norwegian Constitution Day), Whit Monday, 24 December (Christmas Eve), 25 December (Christmas Day), 26 December (Boxing Day).

The net asset values are normally published 5 times a week. Publication is made through Oslo Børs ASA.

12. Unit holder register

The unit holder register of SKAGEN Insight is maintained by Storebrand Asset Management AS. Unit holders will receive notifications of changes to holdings, annual statements and realisation statements through SKAGEN's web portal, My Page. Upon request, unit holders/nominees may arrange to receive annual statements and realisation statements by post.

13. Costs

Unit class Insight A

Fixed management fee: 1.5% per annum calculated daily and charged quarterly. Variable management fee: Better value development than the benchmark index, calculated daily, is divided 90/10 between the unit holder and SKAGEN. The unit class has a relative high-water mark. Variable management fee is charged annually. The total annual management fee may not exceed 4%.

Unit class Insight B

Fixed management fee: 0.75% per annum calculated daily and charged quarterly. Variable management fee: Better value development than the benchmark index, calculated daily, is divided 90/10 between the unit holder and SKAGEN. The unit class has a relative high-water mark. Variable management fee is charged annually. The total annual management fee may not exceed 4%.

Unit class Insight C

Fixed management fee: 0.7% per annum calculated daily and charged quarterly. Variable management fee: Better value development than the benchmark index, calculated daily, is divided 90/10 between the unit holder and SKAGEN. The unit class has a relative high-water mark. Variable management fee is charged annually. The total annual management fee may not exceed 4%.

More information about management fees to be found in the Articles of Association § 5 and § 7.

There are currently no costs for subscription and redemption.

14. Information

SKAGEN will publish the Fund's annual report and half year report on the management company's web site. The annual report will be published no later than four months after the end of the financial year. The half year report will be published no later than two months after the end of the reporting period. Unit holders who have provided an e-mail address will receive the report electronically. Unit holders may request to receive a copy of the reports by post free of charge.

Unit holders will receive first half and second half year reports informing them of the number of units they hold in the Fund, the value of their holding and the return for the period and the year. This information will be distributed via SKAGEN's internet portal My Page.

15. Subscriptions and redemptions

Units shall be subscribed for and redeemed in accordance with the Norwegian Fund and Asset Management Association's industry standard for subscription and redemption.

Minimum subscription amount is specified in the fund's Key Investor Information Document.

For subscription and redemption in a currency other than NOK, the subscription/redemption price shall be calculated from the Fund's NAV in Norwegian kroner using the exchange rate for the relevant Fund on the valuation day. For information about the currencies that can be used for subscription/redemption, please visit www.skagenfunds.com.

Requests for subscription and redemption shall be made in writing and shall be signed, unless otherwise regulated by a prior written agreement between SKAGEN and the unit holder. New units shall be subscribed for at the net asset value per unit as at the first valuation following the subscription date (that is, when the application has been received by the management company, the funds connected with the subscription have been received and any checks have been completed). Redemption shall take place at the net asset value per unit as of the first valuation following receipt by the management company of the redemption request. The redemption request must reach the management company by 3 pm CET, adjusted for summer time, or by another point in time set with reference to public holidays (the cut-off deadline) in order for the first valuation following receipt of the redemption request to be used as the basis. In the event of stock exchange closure, or other extraordinary circumstances, including in special instances the protection of unit holders' interests, the management company may, with the consent of the Financial Supervisory Authority, either wholly or partially suspend the value assessment and payment of redemption claims.

16. Trading via a regulated market.

The unit class SKAGEN Insight A will be traded on the NASDAQ Copenhagen.

17. Dispute settlement body

The management company shall be affiliated with the Norwegian Financial Services Complaints Board.

18. Other matters

This prospectus is only directed to investors in jurisdictions where the relevant funds are authorised for distribution. The Fund cannot be distributed to American citizens, residents in or taxable to the USA.

SKAGEN is part of the Storebrand Group and has outsourced tasks to Storebrand Asset Management AS. The outsourcing covers securities settlement, accounting, calculation of net asset value, unit holder settlement and unit holder register for SKAGEN's funds, service towards professional clients in Norway and Sweden, reporting and management of SKAGEN's fixed income funds.

19. The Board

Unit holders of the funds which the management company manages shall select at least one third of the members of the management company's Board of Directors and at least half of this number as deputies. Deputies shall be entitled to attend, but they may not vote, at Board meetings.

The management company shall appoint an election committee. The Election Committee shall nominate unit holder representatives to the election meeting.

The Board members and deputies elected by the unit holders shall be elected at the election meeting. The election meeting shall be convened by public notice or by written notice to unit holders, with at least two weeks' notice. The election meeting shall be held each year by the end of June.

20. Board of Directors' responsibility

The Board of Directors of the Management Company is responsible for ensuring that the prospectus meets the requirements of the regulations laid down by the Norwegian Ministry of Finance on 21 December 2011 no. 1467 in pursuance of the Norwegian Securities Funds Act of 25 November 2011 no. 44.

The Board of Directors of SKAGEN hereby declares that, to the best of its knowledge, the prospectus reflects the actual facts and does not contain omissions of a nature liable to alter the meaning of the prospectus.

21. Amendment of the Articles of Association

The Fund's Articles of Association may only be amended if the majority of the unit holder-elected directors of the management company have voted for the amendments. A decision concerning any amendments shall be obtained from the unit holder meeting and the Financial Supervisory Authority of Norway (FSA). The FSA shall approve the amendments if legal requirements concerning the contents of the Articles of Association and procedures for their amendment are met.
